

Tillamook Landscape Design Ent.
Jim Carreau, Proprietor
Stony Plain, AB
Sept 2, 2010

My wife and I would like to thank Jim Carreau for all his hard work and expertise. He conducts himself in a personable and professional manner. Jim's knowledge of design and plants is second to none and made our landscaping project a breeze. Our ideas were blended with his own and a wonderful design was created. We are very pleased with the customer service Jim provides and anytime we have questions Jim makes himself available to answer them. This helps alleviate the stress of our "DIY" project.

Thanks Again,

Janice and Gary Michaud
