Dear Jim,

Last year, Jim from Tillamook Landscape designs created a plan for our new acreage. We were more than happy with the plan. Jim spent time with us before the design to find out what we wanted in a plan; what kind of trees, low maintenance etc. When we saw what he had designed for us we loved it. The plan is very detailed and includes measurements, instructions on how to plant and what kind of soil to use. We would highly recommend Tillamook designs if you need a landscape design that will fit your style, house and property.

Karin and Kelly Hines.
